

LIMPOPO

PROVINCIAL GOVERNMENT
REPUBLIC OF SOUTH AFRICA

DEPARTMENT OF TRANSPORT AND COMMUNITY SAFETY

The Limpopo Department of Transport and Community Safety's bid PUDP 760 for the supply and delivery of torches and batteries was advertised on Provincial Tender Bulletin 32 OF 2019/20 FY dated 15 November 2019. The specification for this bid has local production and content requirement which is hereby withdrawn. The reason for this withdrawal is that the local production and content requirement in bid PUDP 760 is for the steel torch. It was later realized that the steel products that are designated for local production and content are actually for construction purposes. Therefore, bidders will not be evaluated on that requirement. The closing date which is set to be 06/12/2019 still stands.
